

Mythological Barbies and Action Figures

ASSIGNMENT: Create a doll based on a mythological male or female. Use details about the mythological character to complete the **FEATURES** and **ACCESSORIES** aspects of your doll.

(3) FEATURES: Features are actions that the doll can perform. Perhaps your doll can speak a line or kick or jump or bat its eyes. (Make sure these relate to the character you have chosen).

(3) ACCESSORIES: These are small, usually painted plastic items that come with the doll.

(1)VEHICLE: Create a vehicle for your doll. This can be a modern vehicle or an ancient vehicle. Whatever you choose, it must be relevant to the character.

(1)ALSO COLLECT: Make reference to another toy that might go well with the one you have created. For example, if you were making a George doll up for Of Mice and Men, you could also collect a Lennie doll.
